

Microbiology Assays

Name

Aerobic Identification & Susceptibility
Aerobic Identification & Susceptibility - Urine Source
Anaerobic Identification
Beta Strep Group B Screen, Direct Probe
Blood Parasite Stain (Malaria, Babesia, Ehrlichia, etc.)
<i>C. difficile</i> Toxins A&B
Culture, Anaerobic
Culture, Blood
Culture, Body Fluid
Culture, Catheter Tip
Culture, CSF
Culture, <i>E. coli</i> O157
Culture, Ear
Culture, Environmental
Culture, Eye
Culture, G.C. (<i>N. gonorrhoeae</i>)
Culture, Genital
Culture, Lower Respiratory
Culture, MRSA
Culture, <i>Mycoplasma</i>
Culture, Nasopharyngeal
Culture, Other
Culture, Stool (<i>Salmonella</i> , <i>Shigella</i> , <i>Campylobacter</i> , & <i>E. coli</i> O157)
Culture, Throat
Culture, Tissue
Culture, <i>Ureaplasma</i>
Culture, <i>Ureaplasma/Mycoplasma</i>
Culture, Urine
Culture, Urine DRO (Selective for Drug Resistant Organism indicated)
Culture, Wound
<i>E. coli</i> O157 Rapid Test
EHEC, Shigatoxins 1&2
Fungus (Mycology) Culture
Fungus Culture with Stain
Fungus Stain
<i>Giardia/Cryptosporidium</i> Rapid Test Panel
Group A Strep, Direct probe
<i>H. pylori</i> Stool Antigen
India Ink Prep

Name

Influenza A&B Rapid Test
KOH Exam
MRSA Screen
Organism Identification (Included with Routine Cultures)
Organism Susceptibilities (Included with Routine Cultures)
Ova & Parasites Exam (Body Fluid)
Ova & Parasites Exam (Stool)
Pinworm Slide Prep
Respiratory Syncytial Virus (RSV) Rapid Test
Rotavirus Rapid Test
Scabies Scrapings
Strep Group A Screen (culture method)
<i>Streptococcus pneumoniae</i> Antigen Rapid Test
VRE Culture
WBC Stool Gram Stain
Yeast Species ID
