RE: Application for Renewal of Texas Forensic Science Commission Accreditation under Title 37, Texas Administrative Code, Chapter 651.

Dear Dr. Collins:

With some exceptions, the Texas Code of Criminal Procedure, Article 38.35, requires Texas Forensic Science Commission (“FSC”) accreditation as a predicate to the admission of the forensic analysis of physical evidence and expert testimony relating to the evidence in a Texas criminal case.

As the designee of the Texas Forensic Science Commission Presiding Officer, I have considered your application for renewal of accreditation and based on your national accreditation by CAP, grant full FSC Accreditation to MEDTOX Laboratories, Inc. for the following forensic discipline:

Forensic Discipline
Toxicology

The term of CAP accreditation is **2/4/2019 to 02/4/2021**, unless CAP extends its accreditation as part of a routine renewal process. The term of FSC accreditation is from **2/4/2019** until such time that the accreditation from CAP is no longer current.

FSC accreditation is contingent upon compliance with Title 37, Texas Administrative Code, Chapter 651, including requirements of reporting correspondence, reports or communication between the laboratory and the accrediting body. FSC accreditation will be automatically rescinded at the same date and time as CAP withdraws your laboratory accreditation.

Sincerely,

Leigh M. Savage
